About IMCAT's Summer Institute

IMCAT's Summer institute offers in-depth basic training for instructional materials coordinators. Summer Institute is offered as virtual sessions on ZOOM. The training series will be eight, one-hour, live sessions held June 9-10, 2026. Each session will cover a different topic. The Summer Institute is designed for coordinators recently named to their positions. However, with the many changes that the state instructional material process is undergoing, we're expecting veteran coordinators to enroll.
